

# **Croydon Camera Club Newsletter – 10 May 2020**

## **Club Matters**

My thanks go to Paul and Frank for their presentations at last week's meeting about the recent club trip to Skye. It was good to be reminded of the opportunities which await once the Coronavirus restrictions are behind us. Even if, during one of the wettest winters on record, the weather proved largely uncooperative on this occasion. Despite the conditions, those on the trip managed to come away with some excellent images showing what the location has to offer. Well done, everyone.

### **An Evening with David Keith Jones – 13 May 2020**

The second of our lecturers from beyond the South-East of England, David will take us on a journey first to Italy and, after the break, to Kenya where we will meet the nomadic tribes who live there. Unlike some travelogues which we see, David is a professional photographer who has an extensive knowledge of both countries and lived in Africa for a number of years. His books, "Faces of Kenya" and "Shepherds of the Desert", were published by Hamish Hamilton and went to several editions.

For the evening, we will be joined by a number of guests who will mainly be members of Lichfield Camera Club, which is David's own club. It is a chance to meet fellow photographers from other parts of the country and I am sure that everyone will make them welcome.

### **DPI Competition 5<sup>th</sup> Round – 20 May 2020**

We complete this season's DPI competition, with PhotoEntry now open for entries. Note that to allow time for the judge to preview the images, the closing date is slightly earlier than usual, being midnight on **Saturday 16 May**. The additional time is needed to allow the judge to preview the entries on a calibrated monitor ahead of the competition. This has become our usual practice to ensure assessment of images is not affected by any variation introduced by the use of videoconferencing.

The judge will be Cherry Larcombe, who is making her first "visit" to our club.
