

Croydon Camera Club Newsletter – 31 May 2020

Club Matters

For Chairman's Evening, Norman Smith gave us an insight into the history of street photography illustrated by the work of the greats. He then showed us his own images, which bore comparison, and talked about his own methods and approach. My thanks go to Norman for an enjoyable and informative evening.

The switch to virtual meetings when lockdown was introduced has entailed a lot of unanticipated work. Quite apart from the challenge of setting up and running virtual meetings, it was not possible to continue with much of the existing programme. Mike West has been busy rearranging the schedule, a revised copy of which accompanies this newsletter. We all appreciate your efforts on our behalf, Mike.

Club Matters

Image Critique – 3 June 2020

We welcome David Eastley to the club for the second of our online image critique evenings which have replaced the print competitions.

Sports Photography – 10 June 2020

With guest speaker Steve Williams, featuring sports from athletics to wrestling.

Post Processing – 17 June 2020

While many people still use Lightroom or Photoshop, Frank has moved on since Adobe's change to charging for its software via subscription. He will be showing us his new post capture processing workflow. If you have an image which you would like to see Frank process, let me know and we will make arrangements to send it to him.

DPI of the Year – 24 June 2020

Entries are now open for our DPI of the Year competition for the Mees Trophy. Unlike many of our contests, this is an occasion when we are definitely looking for work which has been in competition previously. Eligible images are those which were entered into this season's regular DPI rounds. PhotoEntry will display these and allow you to choose up to three. The judge will be Rosemary Wilman Hon.FRPS.
