## Chairman's Viewpoint

The highlight of last week was the Wratten Lecture given by professional landscape photographer, Mark Bauer. It was called "From Dawn 2 Dusk", a reference to the photography holiday company Mark jointly owns, but in reality it was more "From Dawn to Dusk to Dawn" as we were taken on an absorbing 24 hour photographic adventure throughout the entire day. Photography in the middle of the night is not essential for attendees on Mark's workshops, fortunately.

## Club Matters

### Competition vs Derby City Photographic Club – 14 October 2020

Our contest against Derby City Photographic club, judged by two top UK judges who live at either ends of the country. It is the kind of event we could only do online and an excellent opportunity to see work from elsewhere in the country and hear the opinions of two leading judges. Will they agree with each other?

### Bamber Trophy for Monochrome Prints– 21 October 2020
